Market Area: The market area was identified as the counties of:

- Adams (80019, 80022, 80024, 80030, 80031, 80037, 80045, 80102, 80136, 80221, 80229, 80241, 80260, 80601, 80602, 80614, 80640)
- Arapahoe (80010, 80011, 80012, 80013, 80014, 80015, 80016, 80017, 80018, 80040, 80041, 80042, 80044, 80046, 80047, 80103, 80105, 80110, 80111, 80112, 80113, 80120, 80121, 80122, 80137, 80150, 80151, 80155, 80160, 80161, 80162, 80163, 80165, 80166, 80247)
- Elbert (80101, 80107, 80117, 80830, 80835)
- Kit Carson (80805, 80807, 80815, 80834, 80836, 80861)
- Lincoln (80804, 80818, 80821, 80823, 80826, 80828)
- Morgan (80649, 80653, 80654, 80701, 80705, 80723, 80733, 80750)
- Washington (80720, 80740, 80743, 80757, 80801, 80812)
- Yuma (80727, 80735, 80755, 80758, 80759, 80822, 80824)

The Sponsor has found that a substantial majority of the contractors and subcontractors who perform work for the Airport are located within these counties, and the Sponsor spends a substantial amount of their contracting dollars within these counties.

Step 1. Actual Relative Availability of DBEs

The base figure for the relative availability was calculated as follows:

Data was used from DBE Directories and the Census Bureau in order to calculate the base figure for each project. The Colorado DBE Directory was used to determine the number of ready, willing, and able DBEs available in our market area to perform work under the relevant NAICS codes. The Census Bureau's County Business Pattern (CBP) data base was used to determine the ready, willing, and able businesses in our market area to perform work under the same NAICS codes. To determine relative availability, the number of DBEs was divided by the number of all businesses. To determine a base figure, that value was weighted proportionally to the dollar amount of available work specific to each NAICS code.

Method:

Information from the States DBE Directory and the Census Bureau's County Business Pattern (CBP) data base can be obtained from the following websites:

Colorado DBE Directory <https://coucp.dbesystem.com/FrontEnd/SearchCertifiedDirectory.asp>

Census Bureau Data <https://data.census.gov/cedsci/>

Weighted Availability of DBE firms:

For Fiscal Year 2024, award of the following is anticipated:

Contract Name	Trade Description	NAICS	Trade (\$)	Census	Directory	DBE (%)	DBE (\$) (= Trade \$ x DBE %)
Contract No.1	Soil Preparation, Planting	115112	\$32,000	11	0	0.00%	\$0
Terminal Apron (Construction)	Construction Sand and Gravel Mining	212321	\$384,000	7	0	0.00%	\$0
	Water and Sewer Line Contractor	237110	\$4,000	46	0	0.00%	\$0
	Highway, Street, and Bridge Construction	237310	\$285,000	57	0	0.00%	\$0
	Poured Concrete Foundation and Structure	238110	\$86,000	156	0	0.00%	\$0
	Precast Concrete	238120	\$7,000	30	0	0.00%	\$0
	Electrical Contractors	238210	\$6,000	426	3	0.70%	\$42
	Site Preparation Contractors	238910	\$367,000	148	8	5.41%	\$19,838
	Asphalt Paving Mixture	324121	\$168,000	4	0	0.00%	\$0
	Ready-Mix Concrete	327320	\$10,000	15	0	0.00%	\$0
	Concrete Pipe	327332	\$7,000	0	0	0.00%	\$0
	Other Concrete	327390	\$13,000	8	0	0.00%	\$0
	Light Fixture	335129	\$8,000	0	0	0.00%	\$0
	Specialized Trucking	484220	\$118,000	167	0	0.00%	\$0
	Runway Maintenance Service	488119	\$10,000	8	0	0.00%	\$0
	Surveying and Mapping	541370	\$61,000	38	2	5.26%	\$3,211
Testing Laboratories	541380	\$76,000	26	0	0.00%	\$0	
Total Contract No. 1			\$1,642,000			1.41%	\$23,091
Terminal Apron (Design, Bid, and Construction Management)	Engineering Services	541330	\$180,000	348	3	0.86%	\$1,552
	Testing Laboratories	541380	\$50,000	26	0	0.00%	\$0
Total Contract No. 2			\$230,000			0.00%	\$1,552

$$DBE (\$) = \left(\frac{DBE \text{ Directory}}{Census} \right) * Trade(\$) \quad \text{Weighted Average Goal} = \frac{\sum DBE (\$)}{\sum \text{Contract Amounts} (\$)} * 100 = \frac{\$23,091 + \$1,552}{\$1,642,000 + \$230,000} * 100 = 1.32\%$$

The base goal projection after weighting is as follows:

- Total Weighted DBE Availability: 1.32%
- Total for All Trades: \$24,643

Dividing the weighted DBE totals by the total estimate for all trades gives a base DBE availability figure for the projects anticipated during the goal-setting period. This figure is expressed as a percentage and serves as the basis for the three-year overall goal.

Base of DBE Goal: 1.32%

Step 2: Adjustments to Step 1 Base Figure

After calculating a base figure of the relative availability of DBEs, evidence was examined to determine what, if any, adjustment to the base figure was needed in order to arrive at the overall goal.

The evidence does not suggest, and adjustment is necessary, and not adjustment has been made.

Past History Participation:

Not enough historical data on DBE participation is available to reference to make an adjustment to the Step 1 base figure; therefore, the Sponsor is adopting the Step 1 base figure as the overall goal for this three-year goal period.

A Disparity Study for the State of Colorado was prepared in 2020. The disparity study shows evidence of barriers to entry or competitiveness of DBEs in Colorado. According to the study “the disparities identified in State contracts in this study are likely to persist in coming years without additional action.” This evidence suggests the continued usage of Race and Gender Conscious Contract Goals.

Breakout of Estimated “Race and Gender Neutral” (RN) and “Race and Gender Conscious” (RC) Participation

The Sponsor will meet the maximum feasible portion of the overall goal by using RN means of facilitating DBE participation.

1. Arranging solicitations, times for the presentation of bids, quantities, specifications, and delivery schedules in ways that facilitates DBE, and other small businesses, participation;
2. Providing assistance in overcoming limitations such as inability to obtain bonding or financing;
3. Providing technical assistance and other services;
4. Carrying out information and communications programs on contracting procedures and specific contract opportunities;
5. Implementing a supportive services program to develop and improve immediate and long-term business management, record keeping, and financial and accounting capability for DBEs and other small businesses;
6. Providing services to help DBEs and other small businesses improve long-term development, increase opportunities to participate in a variety of kinds of work, handle increasingly significant projects, and achieve eventual self-sufficiency;

7. Establishing a program to assist new, start-up firms, particularly in fields in which DBE participation has historically been low;
8. Ensuring distribution of DBE directory, through print and electronic means, to the widest feasible universe of potential prime contractors;
9. Assist DBEs and other small businesses, to develop their capability to utilize emerging technology and conduct business through electronic media; and

The Sponsor estimates that in meeting the established overall goal of 1.32% it will obtain 0.00% from RN participation and 1.32% through RC measures.

This breakout is based on:

- a) Colorado is a race conscious state; therefore, the entire goal will be met through race conscious means.

The Sponsor will adjust the estimated breakout of RN and RC DBE participation as needed to reflect actual DBE participation [see §26.51(f)] and track and report RN and RC participation separately. For reporting purposes, RN DBE participation includes, but is not necessarily limited to the following: DBE participation through a prime contract obtained through customary competitive procurement procedures; DBE participation through a subcontract on a prime contract that does not carry a DBE goal, DBE participation on a prime contract exceeding a contract goal, and DBE participation through a subcontract from a prime contractor that did not consider a firm's DBE status in making the award.

Public Participation

Consultation:

In establishing the overall goal, the Sponsor provided for consultation and publication. This process included consultation with minority, women's, and general contractor groups, community organizations, and other officials or organizations which could be expected to have information concerning the availability of disadvantaged and non-disadvantaged businesses, the effects of discrimination on opportunities for DBEs, and the Sponsor's efforts to establish a level playing field for the participation of DBEs. The consultation included a scheduled, direct, interactive exchange with as many interested stakeholders as possible focused on obtaining information relevant to the goal setting process and was conducted before the goal methodology was submitted to the operating administration for review. Details of the consultation are as follows.

The consultation engaged in virtual meeting, which was held via Zoom, at 10:00 AM (MDT) Thursday, June 20, 2023.

The following comments were received during the course of the consultation: No comments were received.

A notice of the proposed goal was published on the Sponsor's official website before the methodology was submitted to FAA.

If the proposed goal changes following review by FAA, the revised goal will be posted on Sponsor's official website.

Notwithstanding paragraph (f)(4) of §26.45, the Sponsor's proposed goals will not be implemented until this requirement has been met.
